

Terms and Conditions

General Information

This raffle prize applies to design services only. Renovation, construction, or installation work is not included and will be quoted separately. The raffle winner will receive a complimentary preliminary kitchen design package as outlined below. This package is intended as an introductory design experience and does not constitute a full design and planning agreement.

Included Services

1. Onsite Consultation and Measurement Gathering

Up to four (4) hours of onsite consultation, which includes taking measurements, reviewing the existing kitchen layout, and discussing goals for the redesign.

2. Virtual Inspiration and Material Discussion Meeting

Up to six (6) hours total, including a virtual meeting where the customer may share inspirational materials, reference images, and desired finishes. This session will remain at a conceptual level. Exact materials, finishes, and selections for all areas are not part of this raffle package and would occur during a full Phase 2 design and planning engagement if the customer chooses to continue as a client.

3. 3D Rendering of Existing Kitchen

A digital 3D rendering of the current kitchen layout will be created to document existing conditions.

4. 3D Rendering of New Design

A conceptual 3D rendering of the proposed new kitchen design will be developed based on the information provided during consultation.

5. Design Review and Revision Session

One review session (maximum of 90 minutes) is included to discuss design feedback and make reasonable adjustments to the concept.

6. Final High-Definition Renderings

High-quality digital renderings of the final concept will be provided for presentation and visualization purposes.

7. Preliminary Construction Budget

A preliminary, non-binding construction budget will be provided as an estimate based on the design concept. Actual costs will depend on material selections, site conditions, and scope of work determined in later phases.

8. Phase Clarification

This raffle covers a limited portion of what is considered *Phase 2: Design and Planning*. A complete Phase 2 engagement would still be required prior to *Phase 3: Construction*. The full Phase 2 process includes detailed cabinet design, finalized layouts, material selection, and comprehensive construction documentation.

9. Credit Toward Full Design Engagement

The raffle winner is under no obligation to proceed with construction or additional services. However, if the winner chooses to move forward as a client, an additional credit of up to \$5,000 will be applied toward the cost of a full Phase 2 design and planning agreement. Bringing the total potential value of this raffle to a value of \$10,000.

Additional Terms

- The prize holds no cash value and is non-transferable.
- Travel beyond a 25-mile radius from our Charlotte office may incur additional travel fees.
- The winner must schedule their initial consultation within 30 days of being notified, or the prize may be forfeited.
- Aldo's reserves the right to modify, suspend, or cancel this raffle or any portion thereof if circumstances arise beyond its control.
- By participating, entrants acknowledge that Aldo's and its associates are not liable for any indirect, incidental, or consequential damages arising from participation or use of the prize.
- Aldo's and its affiliates assume no responsibility or liability, expressed or implied, for any construction, fabrication, or installation work performed by others based on the preliminary designs or concepts provided through this raffle package. Any use of these materials for construction purposes without a formal engagement and final approved design documentation from Aldo's is done entirely at the participant's own risk.
